

Encouraging Student Agency in Social and Emotional Growth

In this course, educators will identify how to include students' voice and choice in data-driven instruction, based on their role and setting.

2 Lessons

Train the Facilitator: Using Growth Strategies and Foundational Practices to Enhance SEL Instruction in the Classroom

During this course, participants will learn how to lead a guided training session on supporting their raters (educators) in best practices for encouraging student agency in the DESSA assessment process.

Train the Facilitator: Encouraging Student Agency in Social and Emotional Growth

During this course, participants will learn how to lead a guided training session on supporting their raters (educators) in best practices for encouraging student agency in the DESSA assessment process.

3 Lessons

Example of Course Headers and Set Up

Train the Facilitator: Analyzing Data in the Aperture System

During this course, participants will learn how to lead a guided training session on supporting their raters (educators) in analyzing their data from the Aperture System.

3 Lessons

Train the Facilitator: Introduction to the Aperture System

During this course, participants will learn how to lead a guided training session on supporting their raters (educators) in analyzing their data from the Aperture System.

3 Lessons

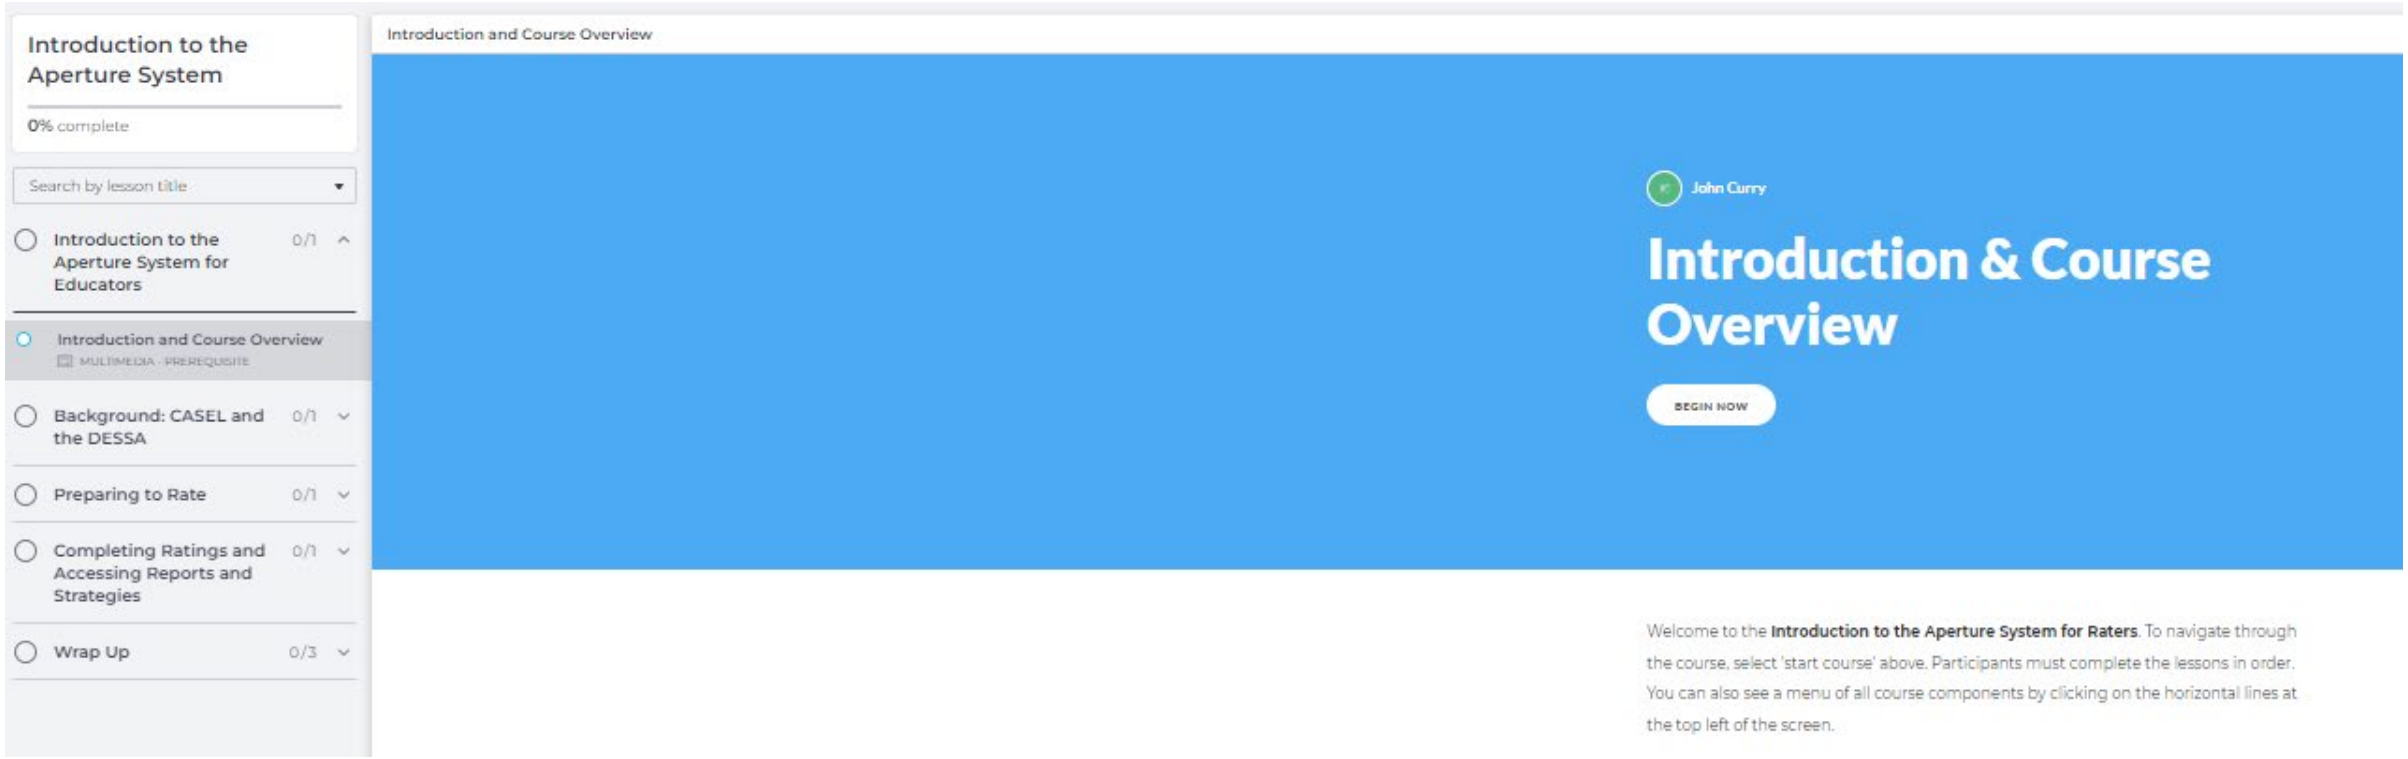

Using Growth Strategies and Foundational Practices to Enhance SEL Instruction in the Classroom

During this course, educators will explore and plan for their use of the various SEL strategy resources in the Aperture System.

Review of DESSA

JC John Curry

Review of the DESSA

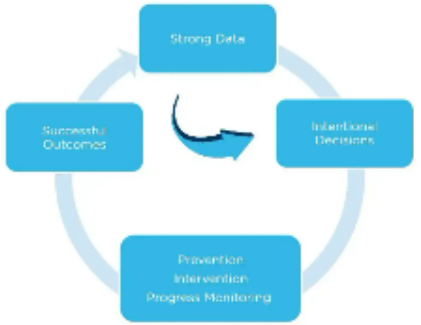

The Aperture Decision Making Process graphic below illustrates a reminder as to why we are doing the DESSA rating. Remember, our goal is to help students build the skills they need to succeed. As we collect DESSA data, we can use the results to make data-driven decisions.

Click on the four tabs below to review the parts of the Aperture Decision Making Process.

STRONG DATA | INTENTIONAL DECISIONS | INTERVENTIONS | SUCCESSFUL OUTCOMES

We can then use the results of our assessments to make **intentional decisions** about social and emotional learning instruction. You can use the resources within the Aperture System, the Foundational Practices and Growth Strategies, as well as other SEL curriculum to provide direct SEL instruction. We will review the Growth Strategies resources later in the course.

Aperture Decision Making Process
